Mainstreet Research Survey - Mississauga Streetsville

About Mainstreet

Founded in 2010, Mainstreet Research is recognized as one of Canada's top public opinion and market research firms. Since our founding, we have been providing actionable and data-driven insights to our clients to help them make their most important evidence-based strategic decisions.

Mainstreet has an impressive track record in accurately forecasting election results in Canada and the United States and has become a trusted source for comprehensive market research, analysis and advice. Our insights are found in major media outlets across the country.

Our diverse team has decades of experience in conducting both quantitative and qualitative research, ranging from broad national surveys, to focus groups, to membership surveys, and all points in between.

Mainstreet Research is a proud corporate member of MRIA, WAPOR and AAPOR and exceeds all Canadian and international standards for market research and public opinion research.
Methodology

The analysis in this report is based on results of a survey conducted from Sunday, May 29th to Sunday, May 29th, 2022, among a sample of 360 adults, 18 years of age or older, living in Ontario. The survey was conducted using automated telephone interviews (Smart IVR). Respondents were interviewed on landlines and cellular phones. The survey is intended to represent the voting population in Mississauga Streetsville.

The margin of error for the poll is +/- 5.2% at the 95% confidence level. Margins of error are higher in each subsample.

Totals may not add up 100% due to rounding. Photo attribution: Benson Kua (Wikimedia Commons) / CC 3.0
